

Call for Papers: Software Assurance Minitrack at HICSS-44

January 4-7, 2011, Kauai, Hawaii, USA

Assurance Research for Dependable Software Systems (ARDSS) Minitrack

Papers are invited for the ARDSS Minitrack of the 44th Hawaii International Conference on System Sciences (HICSS-44), to be held January 4-7, 2011, in Kauai, Hawaii. Research is required in assurance technologies that can meet the needs of 21st century systems. The goal of this minitrack is to bring together researchers from all areas of software and system assurance to promote sharing and cross-pollination of promising methods and technologies. The minitrack will promote progress toward a unified assurance discipline characterized by science foundations and substantial automation that can effectively address the scope and scale of the problem. More information is available at the [minitrack website](#)¹.
